Business Administration (B. A.)

Business Informatics (B. Sc.)

Business Administration and Engineering (B. Eng.)

Business Law (LL.B.),

Business and Economics (B. A.),

Economics (B. A.)

### Master Degree Courses

Applied Plastics Engineering (M.Eng)

Applied Media Informatics (M.Sc.)

Applied Computer Sciences (M.Sc.) **in english!**

Electrical Engineering and Information Technology (M.Sc.)

Mechanical Engineering (M.eng)

# University of Applied Sciences Neubrandenburg

## Bachelor Degree Courses

Agriculture – Bachelor of Science

Food Technology – Bachelor of Science

Health Sciences - Bachelor of Science

Nature Conservation and Landuse Planning – Bachelor of

Science Nursing Science/Nursing Management - Bachelor of

Science Geoinformatics - Bachelor of Engineering

Geodesy and Metrology - Bachelor of Engineering

Landscape Architecture – Bachelor of Engineering

## Master programs

Agriculture - Master of Science

Landscape Architecture and Green Space Management – Bachelor of Engineering (2 semester)

Health Sciences - Master of Science

Nursing Science/Nursing Management - Master of Science

Food- and Bio-Product Technology, M.Sc. – Master of

Science Geodesy and Geoinformatic - Master of Engineering

Food- and Bio-Product Technology, M.Sc. – Master of

Science Landuse Planning – Master of Science (2 semester)

# University of Applied Sciences Nordhausen

## Bachelor Degree Courses

Automation and Electronics Engineering

Computer Science

Electrical Engineering

Environmental and Recycling Engineering

Geo-Engineering

Industrial Engineering for Sustainable Technologies

Internet - Technology and Applications

Mechanical Engineering

Renewable Energy Engineering

Health and Social Services

# Harz University of Applied Sciences

## Bachelor Degree Courses

Informatics (B.Sc.)

Media Informatics (B.Sc.)

Smart Automation (B.Eng.)

Business Informatics (B.Sc.)

Business Administration and Engineering (B.Eng.)
